COPPERKICKS FUTSAL CLINICS

Futsal is a modified form of soccer and is the fastest growing indoor sport in the country. Futsal promotes quality touches, faster decision-making and is played indoors with NO walls. A smaller soccer ball is used (Futsal balls have less bounce than a normal soccer ball).

Futsal players have more contact with the ball and must play more creatively. Not only is Futsal a fun alternative to soccer, it is great for building skills and perfecting plays.

- AGES** Boys & Girls 4-10 Years
- TIME** 1 Hour Clinics for 8 Weeks
- COST** \$160 Per Player
Plus \$20 Yearly Registration Fee
- SEASON** Fall, Winter, Spring & Summer
