

BASEBALL

BOYS & GIRLS 4-8 YEARS

Play ball in Coppermine’s year-round baseball program! Our littlest athletes can start in the Minors to build self-esteem and confidence while learning the fundamentals of baseball. Developing athletes will trade up to the Majors to sharpen their batting, catching, throwing, fielding, and positional skills.

MINORS 4-5 Years

Your child’s first experience with baseball should be a home run. This fun and fast-paced class focuses on building confidence in a positive, team-oriented environment. Children develop basic hand-eye coordination focusing on hitting, throwing, pitching, and catching fundamentals. Small-sided scrimmages begin to introduce age-appropriate game strategy. Good sportsmanship, teamwork, and healthy habits are introduced.

MAJORS 6-8 Years

Beginners and veterans alike will thrive in the Majors as they sharpen their batting, catching, throwing, fielding, and positional skills. The Majors emphasizes individual skill development through focused attention on mechanics and repetition while progressively implementing these skills into game specific scenarios. This class is perfect for young ball players as they ready for Little League or Travel Baseball.
