

BIKE RIDING

THE BIKE WHISPERER

BOYS & GIRLS 6-12 YEARS

The Bike Whisperer can help your child learn to ride a bike just as we have done with the 400+ kids and counting so far! Our 2-hour private lessons get kids up and riding their bikes which leads to greater self-confidence & improves self-esteem dramatically!

We suggest bringing a bike that your child is on the verge of outgrowing. Oversized bikes present an additional obstacle for new riders to overcome. Your child should be able to touch both feet nearly flat to the ground with the seat at it's lowest setting. Training wheels must be removed prior to the lesson.
